Overview of the End-point Assessment Period

Once the Apprentice has submitted their evidence at the End-point Assessment gateway stage, they will then enter the End-point Assessment period.

Please note:

A maximum of one Apprentice can be assessed at any one time by the Independent Assessor during assessment method 1 & 2.

The Early Years Educator End-point Assessment consists of two assessment methods:

Assessment Method	Assessed by	Overall Grading
Assessment Method 1: Observation with questions	Independent Assessor	Fail/Pass/Distinction
Assessment Method 2: Professional discussion	Independent Assessor	Fail/Pass/Distinction

Length of End-point Assessment Period

The End-point Assessment will be completed within a period lasting typically three months, beginning when VTCT Skills has confirmed that all the gateway requirements have been met by the Apprentice.

If an End-point Assessment method is not achieved, the failed assessment method should be re-sat or re-taken within the End-point Assessment period, and in accordance with the requirements outlined in the 'Early Years Educator Assessment Plan'.

Order of Assessment Methods

The assessment methods for the End-point Assessment can be completed in any order.

The result of one assessment method does not need to be known before starting the next.

How the End-point Assessment is Graded

The overall grade for the End-point Assessment will be based on the grades achieved in the two assessment methods.

All End-point Assessment methods must be passed for the End-point Assessment to be achieved overall.

**Assessment Method 1:
Observation with questions**

The observation with questions will be graded a Fail/Pass/Distinction against the grading criteria.

**Assessment Method 2:
Professional discussion**

The professional discussion will be graded a Fail/Pass/Distinction against the grading criteria.

Overall Grading

Performance in the End-point Assessment determines the overall apprenticeship grade of:

- Fail
- Pass
- Merit
- Distinction

The grades from each individual assessment method are combined to determine the overall grade. If the Apprentice fails one or more assessment methods, they will be awarded an overall **End-point Assessment Fail**.

To achieve an overall **End-point Assessment Pass**, the Apprentice should achieve at least a Pass in both the assessment methods.

To achieve an overall **End-point Assessment Merit**, the Apprentice must achieve a Distinction in assessment method 1.

To achieve an overall **End-point Assessment Distinction**, the Apprentice must achieve a Distinction in both assessment methods.

Grades from the individual assessment methods will be combined in the following way to determine the overall grade of the End-point Assessment:

Observation with Questions	Professional Discussion	Overall Grading
Any grade	Fail	Fail
Fail	Any grade	Fail
Pass	Pass	Pass
Pass	Distinction	Pass
Distinction	Pass	Merit
Distinction	Distinction	Distinction

Assessment Method 1

Observation with Questions

Apprentices must be observed by an Independent Assessor completing their observation with questions in the Apprentice's workplace. During the observation with questions, the Apprentice will complete their day-to-day duties under normal working conditions. This will allow the Apprentice to demonstrate the knowledge, skills and behaviours mapped to this assessment method through naturally occurring evidence.

The observation with questions must take place in person at the Apprentice's normal place of work (for example, their employer's premises or a customer's premises). Equipment and resources needed for the observation must be provided by the employer and be in good and safe working condition.

Requirements

At least five days prior to the Observation with questions, Apprentices must provide the Independent Assessor with a teaching information pack to provide context for the Apprentice's observation. Evidence should be naturally occurring and be produced as part of the Apprentice's typical working practice, in line with the expectations of their employer. All evidence should be anonymised prior to submission and should be subject to the employer's policies regarding the sharing of information.

Evidence would typically include:

- Evidence of observation and assessment of children, and subsequent planning
- Risk assessments
- Evidence of support for significant transitions for a child or children
- Evidence of the intent, implementation and impact of the curriculum

Delivery

The total duration of the observation with questions is **80 minutes**. This includes the time for questioning. The total time for the observation element is **50 minutes**. The time allocated for the questioning is **30 minutes**. The observation may be split into discrete sections held on the same working day to allow for a break between the observation element and the questioning element. This is to support the employer to ensure there is adequate cover within the setting. The questions will be asked after the observation. The assessment method should typically be completed within a total time of 2 hours.

The Independent Assessor will only observe one Apprentice at a time to ensure quality and rigour. They will be as unobtrusive as possible.

The Independent Assessor will need to observe the following during the observation:

- Interacting with children and other adults
- Supporting children's learning through facilitating learning opportunities
- The observed session should form part of a normal working day for the Apprentice, and should reflect their typical working practice

The Independent Assessor will ask questions after the observation, which will provide additional detail and contextual information to what the assessor has observed and to explain how the teaching information pack relates to the observed activity. It will also ensure that the requirements of S9 are met, to ensure coverage of the provision of personal care across all the specified age ranges.

The Independent Assessor will ask at least **five questions**. Follow-up questions may be asked where clarification is required. The assessor will also ask questions about Knowledge, Skills and Behaviours (KSBs) that were not observed to gather assessment evidence. These questions will be in addition to the set minimum of questions and will be kept to a minimum.

An Apprentice should have a supportive action plan to prepare for a re-sit or a re-take.

The employer and VTCT Skills will agree on the timescale for a re-sit or re-take. A re-sit is typically taken within two months of the End-point Assessment outcome notification. The timescale for a re-take is dependent on how much re-training is required and is typically taken within three months of the End-point Assessment outcome notification.

Failed assessment methods must be re-sat or re-taken within a six month period from the End-point Assessment outcome notification, otherwise the entire End-point Assessment will need to be re-sat or re-taken in full.

Re-sits and re-takes are not offered to an Apprentice wishing to move from a Pass to a higher grade.
